About Yancheng

走进盐城

盐城位于太平洋西岸、中国东部沿海、江苏沿海中部，享有“国际湿地、沿海绿城”美誉。盐城环境优美、文化底蕴深厚，“天蓝地绿基因红”。因盐得名、因盐而兴。2100多年的沧海桑田，孕育了源远流长的海盐文化，滋养了坚韧不拔的铁军精神，盐城建有全面展示海盐文明的中国海盐博物馆和全国规模最大、资料最全的新四军纪念馆。

盐城，机遇无限，资源富集，开放包容，生态独特，动能澎湃，从广袤的黄海之滨到富饶的里下河平原腹地，从澎湃的黄海海潮到宁静的河流湖泊，从重大项目建设现场到产业发展一线，处处是绿色发展的脉动和气息。盐城，正以海纳百川的胸襟扩大开放、广迎海内外客商。

Yancheng is located on the west coast of the Pacific, the east coast of China, and in the middle of the coastal area of Jiangsu province. It enjoys the reputation as a Wetland City and a green coastal city. With blue skies and green fields, Yancheng boasts a scenic landscape, profound cultural heritage and traditions of revolution. It has prospered because of salt and is named after salt. Over the course of more than 2,100 years, a culture based on sea salt has taken shape here. The city is also the cradle of the Iron Army, the New Four Army. Yancheng is home to the China Sea Salt Museum, which showcases the culture based on sea salt in an all round way, and the New Fourth Army Memorial Hall, the largest of its kind and with the most complete records in China.

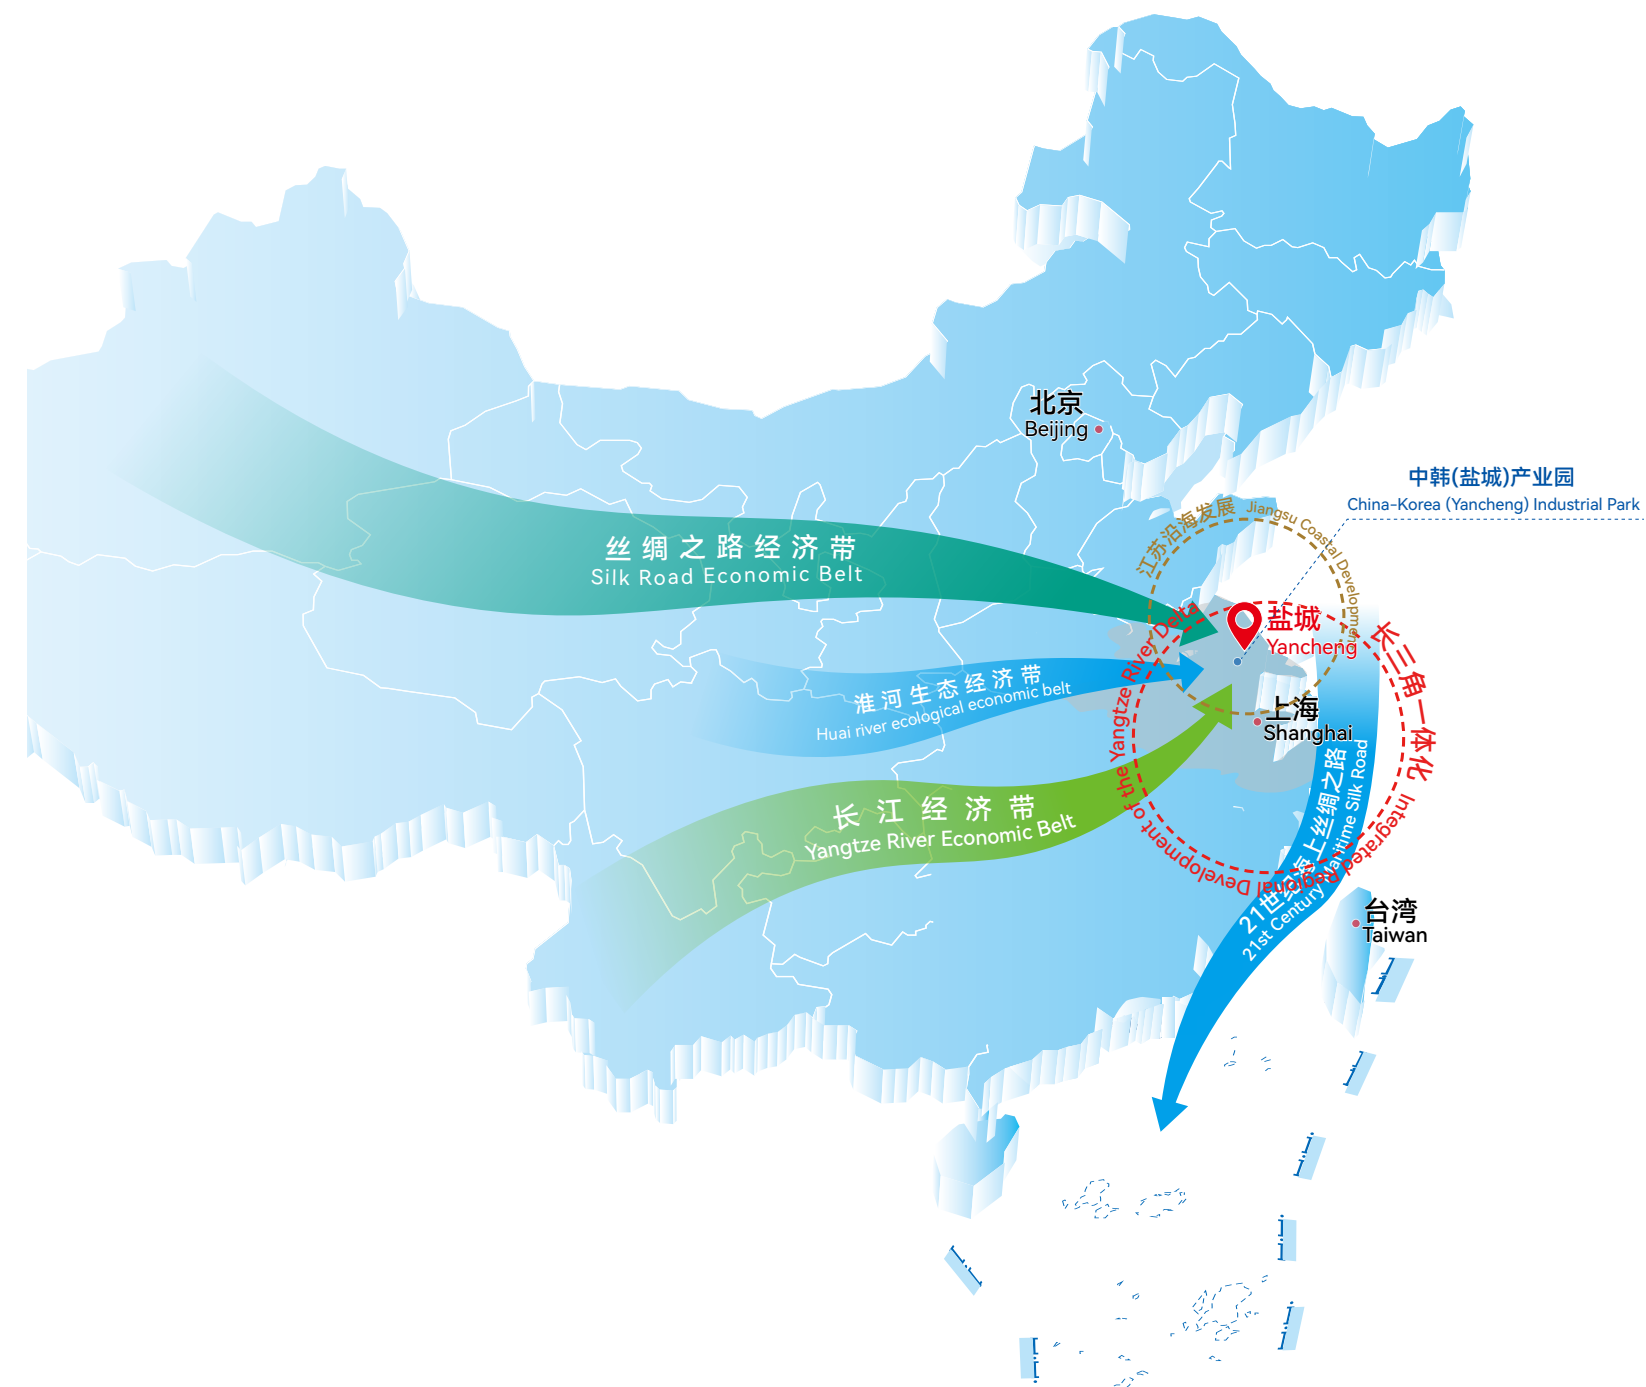

With abundant resources, openness and inclusiveness, and unique ecological resources, Yancheng is full of dynamism and presents unlimited opportunities. From the vast coastal area of the Yellow Sea to the fertile plain of the Lixia River, and from the surging tides of the Yellow Sea to the peaceful inland rivers and lakes, Yancheng is advancing ecological conservation vigorously. From the construction sites of major projects to the front line of industrial development, Yancheng is pressing ahead with green development. Yancheng, with deepening opening up and inclusiveness, is ready to welcome businesses at home and abroad to invest and pursue development here.

Strategic opportunities

战略机遇

盐城处于“一带一路”、长江经济带、长三角一体化、淮河生态经济带、江苏沿海发展、中韩产业合作等重大战略叠加地带，拥有长三角地区最大、最具潜力的后备土地资源。

Yancheng is in the superposition of multiple major strategies such as The Belt and Road Initiative, Yangtze River Economic Belt, Integrated Regional Development of the Yangtze River Delta, Huaihe River Ecological Economic Belt, Jiangsu Coastal Development, China-Korea (Yancheng) Industrial Cooperation, and has the largest and most potential back-up land resources in the Yangtze River Delta region.

绿色低碳发展示范区 Demonstration zone for green and low-carbon development

2022年11月份，江苏省委、省政府出台《关于支持盐城建设绿色低碳发展示范区的意见》，支持发展特色优势产业、构建绿色低碳现代产业体系，支持能源绿色低碳转型、推动高比例新能源发展，支持生态优先绿色发展、构筑生态文明新优势，支持构筑城乡绿色低碳高质量发展空间格局、展现美丽盐城新风貌，支持绿色低碳生活实践、打造高品质绿色生活圈，加快建立健全绿色低碳循环发展经济体系，打造推动绿色发展、人与自然和谐共生的示范城市。

◎ 绿色制造之城 A city with green manufacturing

重点实施产业结构优化提升工程、工业领域节能降碳工程、绿色制造示范引领工程、资源综合利用深化工程、先进低碳技术推广工程、数字化智能化转型工程、生产过程清洁优化工程、绿色低碳服务提升工程等“八大工程”，全方位推进制造业领域节能降耗、集约高效。

Yancheng focuses on the implementation of ‘eight major projects’, including the project of industrial structure optimization and upgrading, energy saving and carbon reduction in the industrial field, green manufacturing demonstration and leading, comprehensive utilization and deepening of resources, advanced low-carbon technology promotion, digital intelligent transformation, clean production process optimization, green low-carbon service enhancement to promote energy saving, consumption reduction, intensive and efficient in the manufacturing industry in all aspects.

◎ 绿色能源之城 A city with renewable energy

紧扣实现碳达峰、碳中和目标，深入践行“四个革命、一个合作”能源安全新战略，大力实施建设海上风电之都、建设光伏发电示范区、建设多种可再生能源发展基地、加快开展零碳园区试点示范、推动风电产业高质量集群发展等20项重点任务，加快建设具有全球影响力、创新驱动力、低碳引领力、产业竞争力的国际绿色能源之城。

Sticking closely to achieving carbon peaking and carbon neutrality goals, Yancheng practices deeply the new energy security strategy of ‘four revolutions and one cooperation’, Yancheng vigorously implements 20 key tasks such as building an offshore wind capital, building a photovoltaic power generation demonstration area, building a variety of renewable energy development bases, accelerating the pilot demonstration of zero carbon parks, and promoting the development of high-quality clusters in the wind power industry. Yancheng strives to accelerate the construction of an international green energy city with global influence, innovation driving force, low-carbon leading force, and industrial competitiveness.

In November 2022, Jiangsu Provincial Party Committee and Jiangsu Provincial Government issued the Opinions on Supporting the Construction of Green Low-Carbon Development Demonstration Area in Yancheng, to support the development of characteristic advantageous industries with the construction of a green low-carbon modern industrial structure, the transformation of green low-carbon energy with the promotion of a high proportion of new energy development, the priority of ecological green development with the construction of a new advantage of ecological civilization, the construction of urban and rural green low-carbon high-quality development spatial pattern with the showcase of beautiful Yancheng new appearance, the green low-carbon life practice with the building of a high quality green life circle. It suggested accelerating the establishment of a sound green low-carbon cycle development economic system. Yancheng strives to build a model city that promotes green development and the harmonious coexistence of human and nature.

◎ 绿色生态之城 A city with a well-conserved environment

以减污降碳协同增效为抓手，深入打好污染防治攻坚战，开展生态环境保护攻坚行动、生态空间优化行动、绿色发展转型行动、环境治理能力提升行动、绿色低碳生活全民行动，推动经济高质量发展和生态环境高水平保护协同并进，不断满足人民群众日益增长的优美生态环境需要。

Taking synergies of pollution reduction and carbon reduction as grasps, Yancheng deeply fights the battle of pollution prevention and control, and carries out the action of ecological environmental protection, ecological space optimization, green development transformation, environmental governance capacity enhancement, national green low-carbon life. It promotes high-quality economic development and high level of ecological environment protection synergistically, and consistently meets the people's growing needs for a beautiful ecological environment.

◎ 绿色宜居之城 A livable city

全面落实以人为核心的新型城镇化要求，实施绿色空间塑造行动、城市能级提升行动、绿色低碳建造行动、美好住区匠造行动、和美乡村建设行动、城乡治理增效行动，展现城乡靓丽品质，努力创造宜居宜业宜养宜游的良好环境。

Yancheng comprehensively implements the people-oriented requirements of new urbanization, with the implementation of green space shaping action, city energy level upgrading action, green low-carbon construction action, beautiful settlement action, beautiful countryside construction action, and urban and rural governance efficiency improvement action, to show the beautiful quality of cities and towns, and strives to create a good environment for living, working, raising, and traveling.

Location and Transportation

区位优势

盐城与韩国、日本隔海相望，面向东北亚，紧邻上海，是长三角中心区城市之一。拥有港口、机场等 5 个一类对外开放口岸，盐青、盐徐、盐通高铁先后建成通车，全面融入上海“一小时经济圈”和长三角地区高速铁路网，形成集空港、海港、高铁、高速、高架为一体的现代综合交通运输体系。

Yancheng is located across the sea from South Korea and Japan, facing Northeast Asia and close to Shanghai, and is one of the cities in the central area of the Yangtze River Delta. It has five first-class ports including seaports and airports. The construction of Yancheng-Qingdao, Yancheng-Xuzhou and Yancheng-Nantong high-speed railways have been completed. They are now in operation and are fully integrated into the 'One hour economic circle' of Shanghai and the high-speed railway network in the Yangtze River Delta region, forming a modern comprehensive transportation system integrating airport, seaport, high-speed railway, expressway and viaduct.

空港 Airport

盐城南洋国际机场国内已通航城市 30 个，其中直辖市 3 个（北京、天津、重庆），省会城市 17 个（西安、长沙、武汉、成都、贵阳、昆明、哈尔滨、长春、沈阳、石家庄、南昌、广州、福州、海口、南宁、银川、乌鲁木齐），非省会的副省级城市 4 个（深圳、大连、厦门、宁波），通航机场中千万级机场占比达 93.33%，北京、广州、深圳、哈尔滨、沈阳、大连、重庆、长沙、西安等重点航线每天 2-3 班次。开通至韩国首尔、泰国曼谷、台北、香港等 4 条国际（地区）客运航线和韩国首尔、日本大阪等 2 条国际货运航线。

Yancheng Nanyang International Airport has been navigable with 30 domestic cities, including 3 municipalities directly under the central government (Beijing, Tianjin, Chongqing), 17 provincial capitals (Xi'an, Changsha, Wuhan, Chengdu, Guiyang, Kunming, Harbin, Changchun, Shenyang, Shijiazhuang, Nanchang, Guangzhou, Fuzhou, Haikou, Nanning, Yinchuan, Urumqi) and 4 sub-provincial cities (Shenzhen, Dalian, Xiamen, Ningbo). The number of navigable airports with 10 million passengers accounts for 93.33%, with 2-3 flights per day to Beijing, Guangzhou, Shenzhen, Harbin, Shenyang, Dalian, Chongqing, Changsha, Xi'an and other key airlines. 4 international (regional) passenger routes to Seoul, Korea, Bangkok, Thailand, Taipei, Hong Kong and 2 international cargo routes to Seoul, Korea and Osaka, Japan established.

海港 Seaport

盐城港“一港四区”对外开放格局全面形成，2021 年吞吐量突破亿吨大关。2022 年吞吐量完成 1.35 亿吨，同比增长 20.82%；集装箱完成 52.65 万标箱，同比增长 40.2%，增幅列全国沿海港口第一、第二位。

The opening-up pattern of 'one port, four districts' of Yancheng port has been fully formed. In 2021, the throughput of Yancheng port exceeded 100 million tons. In 2022, the throughput of Yancheng port achieved 135 million tons, with a year-on-year increase of 20.82%. It has containers of 526500 TEUS with a year-on-year increase of 40.2%, ranking first and second among coastal ports in China.

高铁 High-speed railway

盐青、盐徐、盐通高铁先后建成通车，盐泰锡常宜高铁即将开工，盐城驶入“高铁时代”，成为国家沿海铁路大通道的重要节点，实现从交通末梢到交通前沿的历史性跨越。

Yancheng-Qingdao, Yancheng-Xuzhou and Yancheng-Nantong high-speed railways have been completed and opened to traffic, and Yancheng-Taizhou-Wuxi-Changzhou-Yixing high-speed railways are about to start construction. Yancheng has entered the 'era of high-speed railway', becoming an important node of the national coastal railway channel, realizing a historic leap from the traffic left-behind to the traffic front.

高速 Expressway

盐靖、盐洛、沈海、阜溧、盐射等高速公路四通八达，总里程 417 公里。

Yancheng-Jingjiang, Yancheng-Luoyang, Shenyang-Haikou Funing-Liyang and Yancheng-Sheyang expressways extend in all directions, with a total distance of 417 km.

高架 Viaduct

市区建成“一环四射”90 公里内环高架，市区任意点位 15 分钟内快速通达“两高一空”。

A 90 km inner ring viaduct with 'one ring and five radiations' has been built in the urban area. Starting from any point in the urban area, it will reach 'two high-speed and one air' within 15 minutes.

Ecological Endowment

生态禀赋

盐城素有“东方湿地之都，仙鹤神鹿故乡”的美誉，兼具海洋、湿地、森林三大生态系统，建有珍禽和麋鹿两个国家级自然保护区，拥有长三角最大的绿肺、最好的空气、最多的珍稀鸟类，黄海湿地成功列入《世界遗产名录》，是国际湿地城市、国家生态文明建设示范市，是2023全球滨海论坛会议举办地。

Yancheng is known as 'the capital of oriental wetlands, the hometown of cranes and deer'. It has three ecological systems: ocean, wetland and forest and two national nature reserves of rare birds and elk. It has the largest green lung, the best air and the most amount of rare birds in the Yangtze River Delta, and the Yellow Sea wetland has been successfully inscribed into the World Heritage List. Yancheng is International Wetland City, National Demonstration City of Ecological Civilization Construction, and Host of the 2023 Global Coastal Forum Conference.

Industry Development

产业发展

盐城推动产业融合集群发展，顺应产业发展趋势，聚焦新能源汽车及核心零部件、新能源、新一代信息技术、新材料、大健康和数字经济、海洋经济“5+2”战略性新兴产业，以及动力及储能电池、晶硅光伏等 23 条产业链，打造链条完备、特色鲜明、优势突出的现代化产业体系。

Yancheng promotes the development of industrial integration clusters, in line with industrial development trends. It focuses on the '5+2' emerging industries of new energy vehicles and core components, new energy, new generation information technology, new materials, comprehensive health, digital economy and marine economy, and 23 industry chains of power and energy storage batteries, crystalline silicon photovoltaic, to create a modern industrial system with complete chains, distinctive features and outstanding advantages.

▶ 新能源汽车及核心零部件

New Energy Vehicles and Core Components

汽车产业是盐城的支柱产业，现有悦达起亚、华人运通、国新 3 家新能源汽车整车企业，摩比斯、瑞延理化、理研等 203 家新能源汽车零部件骨干企业，SK、比亚迪等一批动力电池龙头企业相继投资落地，初步形成整车企业带动、动力电池支撑、零部件加快转型的产业发展格局。

The automobile industry is the pillar industry of Yancheng. It has 3 new energy vehicle manufacturers, such as Yueda Kia, Chinese Express and Guoxin, and 203 backbone enterprises of new energy vehicle parts, such as Mobis, Ruiyan Reihua and Reiyuan, etc. SK, BYD and a number of leading power battery companies have been invested and settling down. The preliminary industrial development pattern of vehicle enterprise leading, power battery supporting and parts accelerating transformation has been formed.

▶ 新能源 New Energy

盐城是江苏乃至全国海上风电开发建设条件最好的区域之一，已成为全国首批新能源示范城市、国家海上风电产业区域集聚发展试点、长三角地区首个“千万千瓦新能源发电城市”。华能、国家电投、国家能源、三峡等一批央企全面参与盐城新能源开发，协鑫、金风、远景、上海电气、中车、天合、阿特斯、润阳、正泰等新能源领军企业抢滩登陆。“十四五”末，盐城新能源产业将迈向两个“2000”蓝海：新能源装机规模达到 2000 万千瓦，新能源装备制造产业规模达到 2000 亿元以上。

Yancheng is one of the best areas for offshore wind power development and construction in Jiangsu and even in China. It has become one of the first national demonstration cities for new energy, National Pilot Regional Cluster Development of Offshore Wind Power Industry, and the first '10 million kilowatt new energy generation city' in the Yangtze River Delta. Huaneng, State Power Investment, National Energy, Three Gorges and other central enterprises are fully involved in the development of new energy in Yancheng, and GCL, Goldwind, Vision, Shanghai Electric, CNMC, Trina, Atos, Runyang, Chint and other new energy leading enterprises have settled in Yancheng. By the end of the 14th Five-Year Plan, Yancheng's new energy industry will reach two '2000' blue oceans: the scale of new energy installations will reach 20 million kilowatts, and the scale of new energy equipment manufacturing industry will reach more than 200 billion.

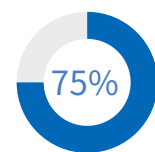

2022 年，新能源规上企业实现开票销售超 1500 亿元。
In 2022, the invoiced sales of the scale-above new energy vehicle enterprises has exceeded 150 billion.

2022 年，新能源发电量占全社会用电量 60%。

In 2022, new energy power generation accounts for 60% of the total electricity consumption.

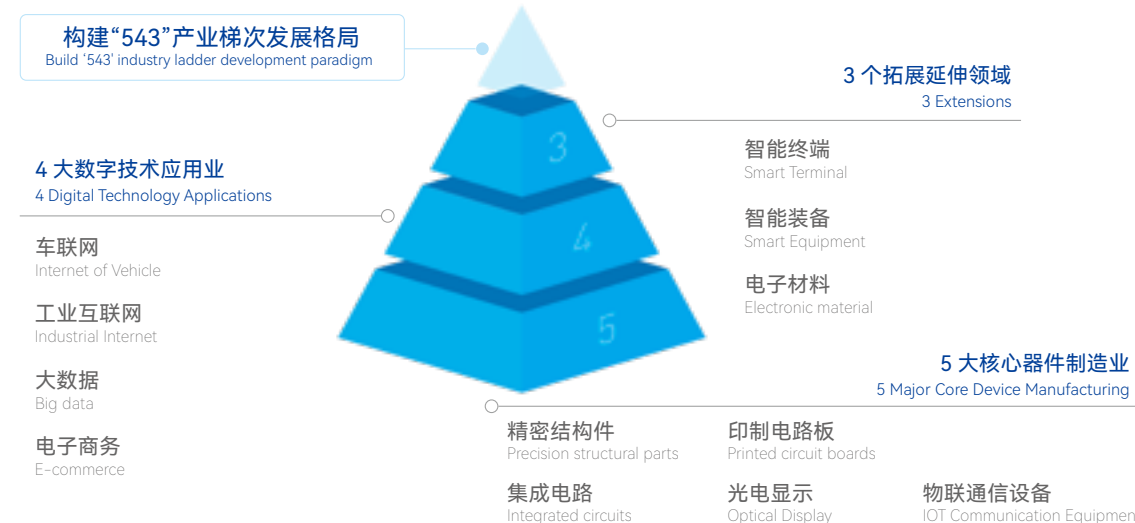

“十四五”期间盐城海上风电规划容量 842 万千瓦，占江苏省的 75%。

The planning capacity of Yancheng offshore wind power during the 14th Five-Year Plan period is 8.42 million kilowatts, accounting for 75% of Jiangsu Province.

▶ 新一代信息技术 New Generation Information Technology

2022 年，盐城新一代信息技术产业规上企业 539 家，合计实现开票销售 863.3 亿元，同比增长 26.8%。东山精密、立铠精密、领胜科技、博敏电子等一批行业龙头企业落户盐城，建成国家高新区智能终端产业园、省市共建大数据产业园等十余个专业园区，设立各类新一代信息技术产业专项基金 20 支。

In 2022, Yancheng new generation information technology industry had 539 scale-above enterprises, with a total of 86.33 billion of invoiced sales and an increase of 26.8%. A batch of industrial leading enterprises such as DSBJ, Luxcase-ICT, Leadtek, Bomin Electronics settled in Yancheng. More than ten professional parks, such as the National High-tech Zone Intelligent Terminal Industrial Park and the provincial and municipal big data industrial park, have been built, and nearly 20 new-generation information technology industry special funds have been established.

新材料 New Material

积极抢抓新材料产业发展机遇，加快培育形成以先进金属材料、高性能纤维及复合材料、绿色建筑材料、化工新材料等先进基础材料为支撑，新型功能材料为主导，纳米材料、增材制造材料、海洋新材料等前沿材料为补充的“4+1+N”新材料产业发展格局，着力打造长三角北翼特色新材料产业集群和示范应用基地。

Yancheng actively seizes the opportunity of new materials industry development, and accelerates the cultivation of '4 + 1 + N' industrial development pattern of new materials which is supported by advanced basic materials such as advanced metal materials, high-performance fibers and composite materials, green building materials, new chemical materials, led by new functional materials and supplemented by frontier materials such as nanomaterials, additive manufacturing materials and new marine materials. Yancheng strives to build a new materials industry cluster and demonstration application base with characteristics of the northern wing of the Yangtze River Delta.

大健康 Comprehensive Health

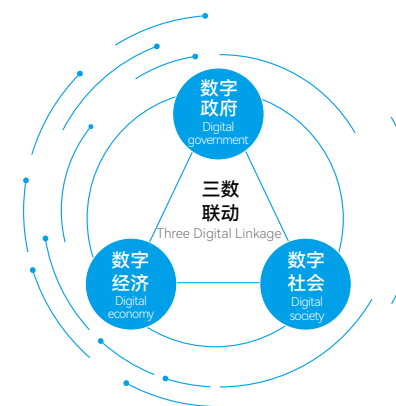

现有规上医疗制造企业 48 家、医疗卫生服务机构 317 家，东台入选国家智慧健康养老示范基地，长三角（东台）康养基地正在推进，下一步将重点发展健康养老、健康医疗、健康文旅、健康运动、医药制造五大领域，主动融入长三角一体化发展，争取在异地康养、医疗合作、协同创新、人才交流等方面形成深层次合作。

Yancheng has 48 scale-above medical manufacturing enterprises and 317 medical and health service institutions. Dongtai has been selected as a national demonstration base for intelligent health and elderly care, and the Yangtze River Delta (Dongtai) Recreation and Wellness Base is in process. The next step will focus on the development of five major fields: healthy elderly care, healthy medical care, healthy cultural tourism, healthy sports, and pharmaceutical manufacturing, and actively fits into the integrated development of the Yangtze River Delta, striving to form deep-level cooperation in off-site recreation and wellness, medical cooperation, collaborative innovation, and talent exchange.

数字经济 Digital Economy

2022 年，盐城数字经济核心产业实现开票销售 2123.7 亿元，同比增长 65.9%。新增数字经济“四上”企业 203 家，累计突破 800 家。全年开票销售超亿元数字经济企业 155 家，数字经济产业有效发明专利 3180 件。规上企业“智改数转”覆盖率达 40% 以上，新增 15 家省级智能制造示范工厂、13 家省级智能制造示范车间、19 家五星级上云企业。

In 2022, the city's core digital economy industry achieved invoiced sales of 212.37 billion, with 65.9% year-on-year increase, 203 new digital economy 'four above' enterprises have been added, with a breakthrough of 800 enterprises in total. The amount of digital economy enterprises with more than 100 million annual invoiced sales is 155, valid invention patents in digital economy industry 3180. The coverage rate of 'intelligent transformation and digital transformation' of the scale-above enterprises reached more than 40%, and 15 provincial intelligent manufacturing demonstration factories, 13 provincial intelligent manufacturing demonstration workshops and 19 five-star cloud enterprises were added.

海洋经济 Marine economy

盐城是国家海洋经济发展示范区，正加快建设以海洋可再生能源产业为主导，海洋服务业为支撑，海洋渔业和滩涂农业为特色，海洋药物和生物制品产业为补充的海洋产业体系，打造长三角有重要影响力的海洋产业基地。力争到 2025 年底，海洋经济占地区生产总值比重达到 21% 左右。

As the national demonstration zone for marine economic development, Yancheng is accelerating the construction of a marine industry system with marine renewable energy industry as the leading industry, marine service industry as the support, marine fishery and beach agriculture as the characteristics, and marine medicine and biological products industry as the supplement, to build a marine industry base with important influence in the Yangtze River Delta. By the end of 2025, the marine economy will account for about 21% of the regional GDP.

23 Key industrial chains

23 条重点产业链

聚力打造动力及储能电池、晶硅光伏等 5 条规模较大、龙头突出的地标性产业链，着力发展精密结构件、石油机械等 8 条发展特色显著、有一定影响力的优势产业链，培育突破光电显示、集成电路等 10 条市场前景较好、具有较强成长性的潜力产业链。2022 年，23 条重点产业链规上开票销售 5800 亿元，力争到 2025 年重点产业链销售规模超万亿元。

Yancheng focuses on five landmark industrial chains with large-scale and prominent leaders, such as crystalline silicon photovoltaic and power and energy storage batteries. It also focuses on the development of eight advantageous industrial chains with significant development characteristics and certain influence, including precision structural parts and petroleum machinery. It focuses on the cultivation and breakthrough of ten industrial chains with good market development prospects and strong growth potential, such as photoelectric display and integrated circuits. In 2022, the 23 key industrial chains had invoiced sales of 580 billion. By 2025, it will strive to achieve a sales scale of more than one thousand billion.

Modern Service Industry

现代服务业

盐城围绕现代物流、金融服务、科创服务、现代商贸、商务服务、文化旅游等六大支柱型服务业和大数据服务、节能环保服务、检验检测服务、健康养老服务等四大成长型服务业，着力构建“6+4”现代服务业产业体系。2022年，全市服务业增加值同比增长3.6%，增速全省第一；规模以上服务业企业实现营业收入878.1亿元，同比增长9.7%。亭湖建军路商业集聚区、东台西溪文化产业集聚区、盐城西伏河数字智能创新社区、射阳港港口物流园、盐都东方汽车广场成为省级现代服务业高质量发展集聚示范区。

Yancheng focuses on six pillar service industries, such as modern logistics, financial services, science and innovation services, modern commerce, business services, culture and tourism, and four growing service industries, such as big data services, energy-saving and environment-friendly services, inspection and testing services, and healthcare services, to build a '6+4' modern service industrial system. In 2022, the value added of the service industry grew by 3.6% year-on-year, ranking first in Jiangsu province; the service industry enterprises above the designated size achieved revenue of 87.81 billion yuan, with a year-on-year increase of 9.7%. Tinghu Jianjun Road Commercial Cluster, Dongtai Xixi Cultural Industry Cluster, Yancheng Xifuhe Digital Intelligent Innovation Community, Sheyang Port Logistics Park and Yandu Eastern Auto Plaza have become first batch of provincial-level demonstration areas for high-quality development of modern service industries.

六大支柱型服务业

Six pillar service industries

六大支柱型服务业发展迅速，现代物流转型发展，盐城港货物吞吐量增速全国海港第一；金融服务实体经济能力持续增强，全市贷款余额增速居全省前列；科技服务水平明显提升，江苏沿海可再生能源技术创新中心成功落户；商贸消费提质扩容，持续开展“春绿盐城”“夏嗨盐城”“秋韵盐城”“冬暖盐城”四季消费促进活动；会展经济加速发展，第四届中韩贸易投资博览会成功举办，获得2023全球滨海论坛举办权；“生态+”旅游蓬勃兴起，在《湿地公约》第十四届缔约方大会上盐城获颁“国际湿地城市”称号。

With the rapid development of the six pillar service industries and the transformation of modern logistics, Yancheng Port ranks first in terms of cargo throughput growth in China. The ability of financial services to serve the real economy continued to strengthen, and the growth rate of the city's loan balance ranked first in the province; The level of scientific and technological services has been significantly improved, and the Jiangsu Coastal renewable Energy Technology Innovation Center has been successfully established. Trade and consumption improved quality and expanded capacity. Yancheng continues to carry out 'Spring Greening' 'Summer Hi' 'Autumn Rhyme' 'Winter Warming' four seasons consumer promotion activities; The development of exhibition economy accelerated. Yancheng successfully held the fourth China-Korea Trade and Investment Fair and was granted the right to hold the 2023 Global Marina Forum. 'Eco-plus' tourism is booming, and Yancheng was awarded the title of 'International Wetland City' at the 14th Conference of the Parties to the Convention on Wetlands.

四大成长型服务业

Four growing service industries

四大成长型服务产业发展壮大，上电科盐城智能制造公共服务平台入选国家级中小企业公共服务示范平台；更大力度节能降碳，启动全国首个海上风电装备技术标准创新基地建设，中汽研汽车试验场股份有限公司正式在深交所创业板上市，成为国内资本市场汽车试验场第一股；大力推进康养产业全市域高质量发展，打造“盐年益寿”养老服务品牌。

The four growing service industries have developed and expanded, and the Yancheng Intelligent manufacturing public service platform of Shanghai Electronics Group has been selected as a national demonstration platform for small and medium-sized enterprises. More efforts will be made to save energy and reduce carbon, and the construction of China's first offshore wind power equipment technology standard innovation base will be started. China Automotive Research & Development Automotive Test Site Co., Ltd. has been officially listed on the GEM of Shenzhen Stock Exchange, becoming the first share of automotive test site in the domestic capital market. We will vigorously promote the high-quality development of the health care industry across the city, and build a brand of 'Prolong your life' elderly care service.
